Help Us Vaccinate our San Diego Community!

UC San Diego Health is proud to partner with San Diego County and the San Diego Padres to operate the Vaccination Super Station near Petco Park. We welcome community support and volunteers.

Check our website at health.ucsd.edu/vaccine-volunteer for details on the types of volunteers that we currently need. Volunteer roles include:

- Licensed medical professionals who can perform vaccinations
- Administrative professionals familiar with EPIC and patient check-in
- Non-medical professionals who can assist with observing patients, answering general questions, restocking supplies, and other operational duties

Shift times will vary, but in general, we will be asking for an 8-hour commitment per shift.

Please note: Minimum age to volunteer is 18. UC San Diego Health Volunteer Services will perform a background check and verify medical certification, if applicable. Volunteers will also need to review and sign a form attesting that they are in good health without COVID-19 symptoms. A COVID-19 vaccination is NOT required.

Registration: For more information and to register, go to health.ucsd.edu/vaccine-volunteer

ICEBREAKER

As we are all the future of Public Health and some of us as future Health care workers, we are interested in knowing how you guys are feeling about vaccination process as of right now.

Some questions we want you to think about in groups:

1. How do you feel about the vaccine?
2. Would you get the vaccine or have you already got vaccinated?
What type of concerns do you have about the vaccine?
4. Do you think that it should be a law that everybody should get vaccinated?
5. How well do you think the USA/ California or San Diego is doing with mass vaccination?

Guest Speaker List with Dates:

- 2/10/2021: **Dr. Eyal Oren** - SDSU Interim Director, Epidemiology & Biostatistics Professor
- 2/24/2021: **Natalia** - Career Services
- 3/10/2021: **Miriam** - 1st Year Graduate Student
- 4/7/2021: **Dr. Erik Storholm** - SDSU Graduate Professor for Human Sexuality and Disease
